Hawaii Chapter

“Unemployment—2012 Expected Rates and Pending Legislation”

About Our Speaker:

Jonathan Hall is the Risk and Insurance Services Manager for ProService Hawaii.

How does the State of Hawaii determine a company's unemployment rate? Are the rates going up again?

Jonathan has been with ProService Hawaii since 2008 and oversees insurance services for over 1,000 businesses in Hawaii. He has great understanding of how the State determines unemployment rates and any ongoing legislation that may be “in the works.” Jonathan will also touch on what you as a payroll professional may be able to do to help your company keep unemployment rates down.
